Pickleball lines

USTA Colorado Rule has not changed

- » No unapproved lines on courts being used for sanctioned play
- » Tennis is continually growing, so we need the courts
- » Stand-alone pickleball facilities opening, so that is a good step in maintaining tennis infrastructure for tennis

FAQs

- » What about other parts of the country? Typically, not comparable to CO.
- » What if players agree? Still No.
- » How should our facility accommodate pickleball players? Taped lines allow courts to be used for tennis and pickleball.

USTA Colorado Regulations

Review

USTA Adult 40 & Over Format

- **National Championships**
 - » Will still be 5 lines (1 singles, 4 doubles)
- **Sectionals, Districts and Local League**
 - » Will still be 4 lines (1 singles, 3 doubles)
- **Team Minimum requirement is 9 players**

Full Team Defaults

- **IMPORTANT NOTE FOR CAPTAINS:** If a Majority of Lines aren't played, it's a team default. Must play 2 out of 3 lines, 3 out of 4 lines, or 3 out of 5 lines for it to be a valid match. In a 4-line league, if both teams default a separate line, they are both ineligible to advance.
- **7.01 Full Team Defaults.** For each local league, Flight Playoff and/or District Championship team match, a majority of the individual matches must be played to constitute a valid team match. The USTA Colorado District League Coordinator (or Area Coordinator in outlying areas) must be notified prior to entering a full team default.
 - **7.01A A match is considered a full team default / invalid match if:**
 - **7.01A(1)** 2 out of 3 positions are defaulted
 - **7.01A(2)** 2 out of 4 positions are defaulted, or
 - **7.01A(3)** 3 out of 5 positions are defaulted.
 - **7.01B Consequences of Full Team Defaults.** If a team Full Team Defaults a match (including Double Full Team Defaults) for any reason during round robin play, that **team is ineligible to advance beyond the local league** even if the team finished first in overall standings.

Dynamic Disqualifications

Captains and Players are often not aware of the
Dynamic Disqualification process

- Leagues that have Dynamic DQs:
 - » Adult 18 & Over, Adult 40 & Over, Adult 55 & Over
 - » Mixed 18 & Over, Mixed 40 & Over
- Who can be DQd?
 - » Self-rated players, Appeal Down players
- Score reversals
 - » If a player receives 3 strikes, scores are reversed for that “round”.
 - » Notice is not provided ahead of time.
- Tennisrecord.com is incorrect and just profiting on web traffic. More on next slide.

Note about Tennisrecord.com

The rating information they provide is inaccurate and does not represent actual NTRP ratings in any way.

- The unknown individuals running the website know that they are giving false information to players.
- They make millions of dollars annually based on traffic and advertising, while lying to players.
- Stop visiting this website and supporting their unethical practices (profiting based on incorrect information).

75% In-Level Requirement

6.01 75% In-level Requirement. At least 75% of all players on each team roster must be playing “in level” (i.e., on a 3.5 team, 75% of the players must have a valid 3.5 NTRP rating).

6.01A This rule does not apply to. Leagues with a combined NTRP format (i.e., 6.0, 6.5, 7.0, etc.), or Teams in the women’s 2.5 or men’s 3.0 levels. Teams must reach this percentage by the first scheduled match of the season and maintain it throughout the season. **NOTE:** This percentage applies to the total number of players on the team roster, not the specific set of players in a line-up for a team match. [See Appendix A](#) for the specific numbers of players allowed to play up depending on the total roster size.

6.01B 75% Waiver. If a team desires a greater percentage of out-of-level players, a waiver may be requested by the team captain or facility coordinator to allow the team to maintain a roster below the 75% in-level requirement. All online Waiver Request Forms must be submitted to USTA Colorado by the first scheduled match of the season for that league.

6.01C Violation of 75% In-Level Requirement. If a team is found to be in violation of the 75% in-level requirement, the team will have 48 hours from time of notification to become compliant. Teams that fail to comply within this timeframe will be disqualified from the league without a refund, and all match scores will be reversed to 6-0, 6-0 wins for the opposing teams.

Captains **MUST** monitor their rosters to ensure compliance with the 75% in-level requirement.

Rule has been in place since 2010, so there is no reason that we still have captains ignoring the rule.

Mandatory Reschedules

Any reschedule for a reason not listed below is considered a Non-Mandatory Reschedule.

We recommend that all captains decline requests to reschedule that do not fall under
Mandatory Reschedules

- **10.00 Mandatory Reschedules.**
 - » Inclement Weather
 - » Darkness
 - » Flight Playoff Conflicts
 - » League Championship Conflicts
 - » National Holidays
 - » League Department Scheduling Conflicts

Team Withdrawal

We cannot have teams that withdraw after the deadline or drop out of a league.
This adversely affects all teams in the flight.

7.01D Team Withdrawal or Failure to Complete Scheduled Matches. Once the minimum roster deadline has passed or championship schedules have been published, all teams are expected to participate in and complete all scheduled matches.

7.01D(1) Violation of Regulations. Any team that withdraws from the league or fails to complete the required matches is considered in violation of USTA League Regulations and Championship Procedures.

7.01D(2) Consequences for Withdrawal. If an entire team withdraws after the minimum roster deadline or championship schedules have been published:

- » Players on that team will not receive a refund.
- » League fees may not be transferred or applied to another league or season.
- » The team and/or its players may face additional penalties or suspension points as determined by the Colorado District League Grievance Committee.

In accordance with the USTA Suspension Point System, the assessment of 2 to 24 suspension points per individual or team involved may occur for “Failing to comply with a USTA League Regulation, Guideline, or Championship Procedure”.

Lateness Penalty at Districts

- Changes to Procedure for Lateness at Districts
 - » **8.06B in Colorado Regulations**
 - » Addresses issue we have been seeing
 - » Summary: If a player is running late and ends up past the 15-minute default, the opposing captain will be able to change their line-up.
