Your patient has submitted a medical appeal to the United States Tennis Association League. The USTA's National Medical Appeal process may grant an appeal only if a player has a **permanent**, disabling injury or illness that would impact the player's ability to play tennis at that player's current level of play.

The Medical Appeals Committee makes a concerted effort to gather accurate information in an effort to render a decision that will be fair to the player and to the player's opponents. To assist the Medical Appeals Committee in making a decision on your patient's appeal, the Committee requires an Attending
